ADDITIONAL QUESTIONS

15. Agreements or arrangements:

(a) Will you sever all connections with your present employer, business firm, association, or organization if you are confirmed by the Senate? **Yes.**

(b) Has anyone made a commitment to you to employ or compensate you after you leave public service? **No.**

16. Term of service: If confirmed, are you willing and able to serve for your full term (if appointed for a fixed term) or until the end of the current Presidential Administration (if appointed for an indefinite term)? **Yes.**

17. Legal proceedings:

(a) Are you currently a party to any legal action? **No.**

(b) Have you ever declared bankruptcy? **No.**

(c) Have you ever been investigated, arrested, or charged by any federal, state, or local law enforcement authority for the violation of any federal, state, or local law, regulation, or ordinance, other than a minor traffic offense? **No.**

(d) Have you ever been convicted (including a plea of guilty or no contest) of any criminal violation other than a minor traffic offense? **No.**

(e) Have you ever been disciplined or cited for a breach of ethics for unprofessional conduct by, or been the subject of a complaint to, any court, administrative agency, professional association, disciplinary committee, or other professional group?

No, I am an active, admitted member of good standing of the bars for Colorado, District of Columbia, and Arizona courts. In addition, I am also admitted to the U.S. Federal Court of Claims, the U.S. Federal District Court in DC, the Ninth Circuit Court of Appeals, and the Fourth Circuit Court of Appeals. I have never had my license to practice law subject to a complaint nor been cited, or disciplined, for a breach of ethics for unprofessional conduct in any such jurisdiction.

18. Taxes:

(a) Have you and your spouse filed all federal, state, and local income tax returns? **Yes.**

(b) Have you or your spouse ever filed a late income tax return without a valid extension?

We have always filed our federal taxes on time. As previously disclosed to the Committee on my 2006 Committee questionnaire, in 2000, we incorrectly thought our Virginia state extension had been filed by our accountant, along with the extensions he filed in various other jurisdictions that year. We paid our taxes at the appropriate extension due date for each jurisdiction, including Virginia, and later we were informed of our error by the Commonwealth of Virginia. Upon notification, we promptly paid a \$28.47 fee that included both a penalty and interest fee for this error. In addition, in 2016 it was brought to our attention by the State of Colorado that despite the fact that we had no taxable income in Colorado, we were required to file a 2012 Colorado state income tax return. After conferring with our accountant, we were informed that our accountant's software system had erroneously indicated that no filing was required because we did not have any income from Colorado and owed no Colorado tax. We immediately filed the appropriate Colorado forms.

(c) Have you or your spouse ever paid any tax penalties or been subject to a tax lien or other tax collection procedure? If so, please explain.

We have never been subject to a tax lien or any other tax collection measure. As described in the response to 18(b), we have a penalty and interest of \$28.47 in 2000. In addition, in 2015, 2016, and 2004, we paid an additional fee, or penalty, on Form 1040, Line 79 of \$178, and \$312 and Form 1040, Line 70, of \$70 dollars respectively. We paid these fees at the time of filing.

19. Foreign ties:

(a) Have you or your spouse ever represented in any capacity (e.g., employee, attorney, accountant, consultant, or business, media, or political adviser), with or without compensation, a foreign government or an entity controlled by a foreign government? **No.**

(b) During the past 10 years, have you or your spouse received any compensation from, or been involved in any financial or business transactions with, a foreign government or an entity controlled by a foreign government? **No.**

(c) Have you or your spouse ever registered under the Foreign Agent Registration Act? **No.**

20. Lobbying: Please describe any lobbying activity that you have performed during the past 10 years with respect to legislative or administrative actions at the Federal, State, or local level.

I practice at a law firm with approximately 300 lawyers that provides a wide range of legal services to its clients. I chair the firm's natural resources department. The firm also has a large government affairs department. The primary focus of my practice is on legal matters including investigations, negotiations, counseling and litigation regarding existing or potential legal, administrative law procedures, processes and compliance.

In addition, at various times I have registered to lobby under the Lobby Disclosure Act of 1995 for particular clients of the law firm. Given the size of the law firm, in many instances there are a team of lawyers and policy experts working on a particular client matter. As a result, the lobbying disclosure reports use one form to collectively describe a multitude of activities these various individuals engaged in individually. To the extent that I actually engaged in regulated lobbying activities for a particular client, my activities were focused on lobbying activities or lobbying contacts with covered officials within the Legislative Branch. Moreover, for some of the firm's clients, such as Access Industries, I was initially registered by the firm based upon the mere assumption that I might potentially engage in regulated lobbying activities or contact covered officials for the particular client when the client retained the firm, and those assumptions were never borne out. For that particular client, my firm has amended its disclosure forms to accurately depict the firm's lobbying activity,

which did not include my involvement, except for the initial expectation. Based on my review of available materials and my recollection, I engaged in, or was anticipated to engage in, lobbying activities for the following clients at various times under the Lobbying Disclosure Act of 1995:

Entity	General Issue Area	Period
Alcatel-Lucent Submarine Networks	Natural Resources	2013
Active Network LLC	Natural Resources	2015- June, 2016

22. Conflicts of interest:

(a) Have your investments, personal holdings, and other interest been reviewed by yourself and the appropriate ethics counselors within the Federal

(b) Have you taken appropriate action to avoid any conflict of interest or any appearance of a conflict of interest?

Yes, as part of the nomination process, I have consulted with the Office of Government Ethics and the Department of the Interior's Designated Agency Ethics Official to identify potential conflicts of interest. Any potential conflict will be resolved in accordance with the terms of an ethics agreement that I have entered into with the Designated Agency Ethics Official for the Department of the Interior, should I be confirmed. This document has been provided to the Committee, and I am not aware of any other potential conflicts of interest.

(c) To the best of your knowledge, do any of your investments, personal holdings, or other interests present a conflict of interest or an appearance of a conflict of interest?

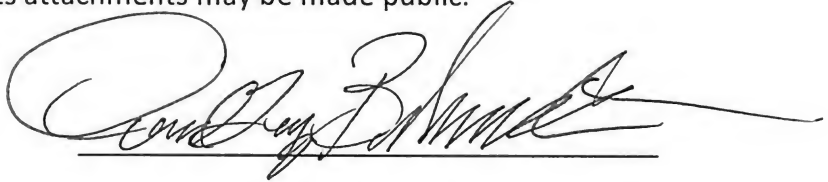

No, as part of the nomination process, I have consulted with the Office of Government Ethics and the Department of the Interior's Designated Agency Ethics Official to identify potential conflicts of interest. Any potential conflict will be resolved in accordance with the terms of an ethics agreement that I have entered into with the Designated Agency Ethics Official for the Department of the Interior, which commits me to certain actions should I be confirmed. This document has been provided to the Committee, and I am not aware of any other potential conflicts of interest related to personal holdings.

23.
